RACE ENTERING UPON NEW ERA OF PROGRESS

Will Have Better Recognition In Affairs Politically After Inauguration Next Friday.

PRESIDENT HARDING KNOWS OUR LEADERS

Will Be Surrounded By Friends Of The Colored People Who Can Be Reached For A Respectful Hearing.

Associated Negro Press

CHICAGO, Feb. 23.—With the formal inauguration of Warren G. Harding of Ohio, as President of the United States, at hand, it is appropriate and fitting to state certain facts.

The first among these facts is this: American Negroes are quite wide awake on all things political and economic. They will not be "footballs" during the next administration, to be kicked around at will, but if there is to be a football game, they propose to be players and not the ball. That fact is established.

There are two other important things: The American Negroes propose to be 100 per cent efficient in two respects where they have not functioned, heretofore, with the highest success. These respects are First, Publicity; Second, Organization. It requires money for both, and the decision is unanimous to supply all the "sinews of war" needed to "arrive."

Not "Wave Bloody Shirt"

President Harding, himself will be fair, tolerant, considerate, patient, diplomatic, sincere, even determined. He will not be spasmodic, he will not "wave the blody shirt" in the face of the white South, and all who have any such dreams or hopes may as well wake up.

The President of the United States has tremendous power for good, or evil, and his influence merely by a word or deed are almost unlimited. Woodrow Wilson harmed racial progress in America by sins of ommission rather than commission. He failed miserably, as President, in saying or doing even small things as things go with a president, to create better feeling and relationship between the races. He knew, he was importuned, but he remained silent and indifferent.

Slemp A "Lily White"

President Harding is surrounding himself with "master minds" and Colored Americans are looking carefully into this list to see "Who's Who." For example, they know that Congressman Bascom Slemp, of Virginia, who is getting high in party councils, is "lily white" in his acknowledged tendences. He is a statesman that must be watched closely, he represents an element gaining influence in the South; an element dangerous to the Colored American's welfare, incidently, he is on the committee for reorganization in the South, and has been mentioned for a cabinet place. But the "eyes of the people" are on Slemp, and if former President Taft, and Vice-President Coolidge can gather the feeling of the people in no uncertain terms, so can Slemp, and all whom he represents.

Surrounded By Our Friends

Harry M. Daugherty, of Ohio, and Will H. Hays of Indiana, will be the politicians of the new administration with such men as Senator McCormick of Illinois, Senator Watson of Indiana, Senator New, o fthe same state and Senator Penrose of Pennsylvania, being an active part of the inner circle. These men know Colored people, and Colored people know them. The Colored people will not hesitate for one minute to take up with them all the big subjects of the day, and it is fair to say they will be given respectable hearing. Few Colored leaders, regardless of what they have known of President Harding heretofore, will have the privilege of "getting to the President" personally. This will be no indication of his lack of interest, but it will be physically impossible for him to see everyone; therefore "big things" must be accomplished through representatives. George B. Christian, the President's secretary, will be a good second, as he is a splendid type of American manhood.

Knows Race Leaders

President-elect Harding has a comprehensive knowledge of the Negro, his problems, his weaknesses, his ambitions and his determinations. The President-elect is not only a student of conditions, made so naturally through his long newspaper experience, but he will enter the office as President with the largest personal acquaintance of race leaders that any President ever had before.

With the new administration in power, the American Negroes are entering upon a new era of progress. It will be "race horse" progress, but it will be certain and lasting; it may be beset with disappointments, difficulties, and even distressing periods, but a new day will dawn March Fourth.

HARDING SAYS HE DESIRES TO HELP RACE PROGRESS

Tells Robert R. Moton He Appreciates Remarkable Advancement Negroes Have Made Along All Lines.

Associated Negro Press

MONTGOMERY, Aa., Feb. 23.—Dr. Robert R. Moton, Principal of Tuskegee Institute, passed through here this morning enroute from St. Augustine Florida, where he held an important conference with President-elect Harding. When asked concerning the conference Dr. Moton said:

"The interview had no political significance. In company with some representative southern white men, I went to tell Mr. Harding something of the movement for inter-racial co-operation, which has been organized in the South and which is gaining strength every day. Mr. Harding expressed himself as being in warmest sympathy with the work of the Inter-racial commission, which is helping to bring about understanding and helpful co-operation between the races and the members of the party were very much impressed with the President-elect's earnestness and sincerity."

It is understood that after Dr. Moton and members of the party had spoken frankly concerning some of the handicaps to thorough understanding between the races in the South and the efforts which representative white and Colored people are putting forth to remove them, Mr. Harding plunged freely into the discussion and expressed his appreciation of the remarkable advancement which the Negro has made along all lines since emancipation, as well as his desire to help and encourage this progress.

The Southern white men who accompanied Dr. Moton were Dr. W. W. Alexander of the Inter-racial Commission, Atlanta, Georgia; Dr. M Ashbie Jones, pastor of Ponce de Leon Baptist Church, Atlanta, Ga.; John J. Eagan, banker and manufacturer, Atlanta, Ga.; and T. T. Woofter, Jr., Phelps-Stokes Fund, New York City.

The Colored members of the party, in addition to Dr. Moton were Warren Logan, Treasurer, uTskegee Institute and A. L. Holsey, Secretary to the Principal, Tuskegee Institute.

PYTHIAN SUPREME LODGE OFFICERS ARE BANQUETTED

Nearly three-hundred Pythians and Calanthes gathered at the Pythian hall last Saturday night in honor of Hon. S. W. Green, supreme chancellor of the Order of Knights of Pythias; E. G. Tidrington, supreme vice chancellor and R. R. Jackson, major general of the Uniform Rank, who made a visit to St. Louis. The officials were enroute to their various homes, and came here from Topeka, Kans., where they had been on official business in connection with final arrangements for the convening of the Supreme session in that city in August.

The Pythians and Calanthes tried to outdo themselves entertaining the Supreme officers. All of the uniformed ranks were called out and passed review from the Grand Central Hotel, led by the First Regiment Band, K. of P.

After arriving at the hall, a short musical program was rendered by Prof. Gerald Tyler and Mrs. Zell-Cole Evans which was highly enjoyed by all.

Past chancellor W. H. Davis introduced Major W. H. Butler, who acted as master of ceremony. Among the speakers of the evening were Mesdames Bertha T. Buckner, grand worthy counsellor; Jessie D. Robinson, supreme inspectrix and other speakers were E. G. Tidrington, supreme worthy counsellor; R. R. Jackson, major general Uniformed Ranks; A. W. Lloyd, grand chancellor; Dr. W. P. Curtis; Attorney Geo. L. Vaughn, Prof. R. H. Cole and J. E. Mitchell, editor, St. Louis Argus. The principal address of the evening was delivered by Supreme Chancellor S. W. Green, who reveiwed the work of the order, telling of its struggles through courts in maintaining its legality.

MAYOR TALKS TO NEGRO CITIZENS AT PORO COLLEGE

Tells His Hearers To Follow Own Leaders. Race Is Entitled To Much More Than It Is Receiving.

MUST FIGHT FOR AND DEMAND RECOGNITION

Praises Walthal M. Moore As First Of Race To Sit In Law Making Body Of The State.

Malone Scores Newspapers For Using Word 'Negress' When Referring To Women Of The Race.

An appreciable audience greeted Mayor Henry W. Kiel at Poro Auditorium last Tuesday night.

In his address, the mayor told his hearers that the solution of their problems in this city was in their own hands. He deplored the fact that the Negroes allowed some "smooth" fellows to lead them when they had leadership of their own. He said, the way to get the things we wanted was to demand them; and unless we fought for those things we would never get them.

He also mentioned Walthall M. Moore, as a legislator who had made good.

In introducing the mayor, Mr. A. E. Malone said that it was a "Kiel meeting" and that the mayor could use the time as he thought was fitting and proper.

In his remarks, the mayor said in part:

"I address you as citizens and not as a race. You know what you want. You have been struggling a long time for those things to which you are justly entitled.

"I assure your it will be my purpose to give you a better park with grass and shrubbery on it before the snow falls. I wanted to help you by giving you a hospital where your doctors and nurses could get a first-hand training; and I tell you, Hospital No. 2 is conducted as well as any white institution in the State.

"I know that you are entitled to more than you are getting. You must fight and demand for the things to which you are entitled. If you do not fight for a thing you wont get it. If you do not get those things it is your own fault.

"You represent sixteen per cent. of the voting population of the city and should have sixteen per cent of representation."

Here the mayor told of the "boogaboo" that was raised by some, when he appointed W. R. Hill, associate city counsellor. "It having being said by some that the white associates would not recognize him and that stenographers would not take dictations from him. But," said the mayor, "Mr. Hill has made good. Come and see for yourself; he is still there.

"I have in mind Walthall M. Moore, the first of your Race to sit in the Missouri Legislature. He has broken the ice. They said he would never take his seat; but he is there and is making good.

"I have wondered why you all don't patronize your Race more, and have more confidence in each other? You are graduating your boys and girls in large numbers every year, and I wonder how they feel when they leave school. The position of a Pullman porter, janitor or possibly a clerkship in the municipality seems to be all to which they may aspire. It is indeed timely that you depend upon yourselves. Don't let a few smooth fellows lead you; think for yourselves.

"I admire Mr. and Mrs. Malone for what they have done for your people. They have set a high example of what you are capable of accomplishing."

The mayor made no mention of the fire company which he has promised the Negroes, and no one asked him any questions.

Mr. A. E. Malone, who presided at the meeting, in his closing remarks, scored the Associated Press and the local dailies for the manner in which they treat news regarding Negroes, and said he resented the way these papers refer to the women of our Race as "negress." He said it was an insult to the Race as a whole.

A Kiel for mayor club was organized with A. E. Malone, president; Dr. J. T. Caston, vice president; W. H. Butler, treasurer; Hutchins Inge, secretary.

NEGROES TO SPREAD OWN PROPAGANDA

Associated Negro Press

WASHINGTON, D. C., Feb. 23.—Immediately following the inauguration of President-elect Harding, a nation-wide propaganda effort will be made with the co-operation of newspapers, churches, public men and organizations to acquaint the general public with all the facts in matters affecting the welfare of Colored Americans.

It has been pointed out that the Irish in the United States have raised millions for propaganda, that in a recent single meeting in Chicago, $175,000 was raised and turned over to Miss Mary McSweeney, and that the Jewish people of the country have, "in the twinkling of an eye" raised hundreds of thousands of dollars to combat Henry Ford's anti-Jewish propaganda. It is thought, therefore, that 15,000,000 Colored people should be aroused sufficiently to have their problems fittingly and extensivey before the general public.

Has Lived 17 Years In St. Louis Without A Blemish Or Suspicion Of Any Unmoral Or Immoral Act

ALSO INDORSED BY THE LIBERTY LEAGUE

At a meeting of the Inter-denominational Ministers Alliance last Monday, Dr. Geo. E. Stevens, pastor of Central Baptist Church, was endorsed for a member on the Board of Education of this city.

After many good things had been said of Dr. Stevens by his brother ministers, the following resolution was unanimouly adopted:

St. Louis, Mo.

Whereas in The City Of St. Louis, we The Citizens are engaged with the important task of selecting competent trustworthy citizens to serve as members of The Board of Education; and Whereas it is important that we, the representatives of a Racial Group should in all things pertaining to the welfare of all the people ally ourselves with other well meaning constructive citizens; and Whereas, in none other of the many important units which make up our city government, is there a greater opportunity for serving all the people in a fundamentally helpful way than in the pubic school system.

Whereas; we the representatives of one hundred thousand citizens of Color, feel keenly the need of a representative who will unselfishly represent the will, desires and aspirations of our group in the administration of the affairs of public education, and Whereas; it is our judgement and belief that a member of our Race, representing in himself the highest intellectual, moral and spiritual fitness will be favorably considered by all the citizens of St. Louis, and would be welcomed by the members of our Honorable Board of Education as one with them in making St. Louis the best City for public education.

Therefore be it resolved, that we, the members of the Inter-denominational Ministers' Alliance of St. Louis, recommend to the citizens of St. Louis for their consideration and approval the name of Rev. George E. Stevens A. M., S. T. D. Pastor of Central Baptist Church of whom we feel there is no better prepared man among us to fit in so important a position, as a member of The Board of Education.

We recommend him absolutely on the following qualifications as basic character, fitting him for the position:

First.—Moral Fitness. Dr. Stevens has lived among and labored with us for seventeen years without a blemish or suspicion of any kind of an unmoral or immoral act.

Second.—He is intellectually qualified, a graduate of Lincoln University of Pennsylvania, a student of current topics and subjects of an important nature.

Third.—While a Republican in Politics, he is first of all a Citizen, believing that in cooperation only can, there be a healthy community life, a life of civic uprightness for all regardless of political alignment of religion or Race.

We recommend him, and herein ask the favorable consideration of all the Citizens of St. Louis.

REAL 'BROWN SKIN' GIVEN SEVEN YRS.

Leo Alexander, 1609 Linden street, the "Real Brown Skin," who figured in the holdup of Joe Davis, proprietor of the Almack Dance Hall, at 2902 Pine street, January 8, was found guilty of robbery and sentenced to the penitentiary for seven years, by a jury, in Judge Landwehr's court, Thursday. His accomplice, who was a white man, with a greased paint covering, has not been brought to trial. The white man was twice wounded by Davis, in trying to escape, and sent to Hospital No. 2 for Colored, where the attending physician discovered the deception. Alexander escaped with $65, but was arrested later.

MINIMUM WAGE LAW UNPOPULAR IN TEXAS HAS NO COLOR LINE

HOUSTON, Texas, Feb. 23.—The minimum wage law which is to be introduced at the coming session of the legislature is sure to cause a bitter fight in this state. The objection to the law is based on the fact that it is applied flatly over the state to Colored, white and Mexican women alike. The Texans contend that Colored and Mexican women should not receive a guarantee of $12.00 per week, and while the Federation of Labor is fighting for the bill it probably will be

Negro Increase Greater Than Whites In 17 Cities

Census Shows That Race Is Leaving Country Districts For Cities With Population Of 100,000 And More. Louisville And Nashville Show Decrease.

Associated Negro Press

CHICAGO, Feb. 23.—One of the most interesting observations with reference to population as revealed by the census of 1920 has been the study of Negro migration. The Associated Negro Press has been issuihg the official populations as rapidly as given out by the Census Bureau.

One of the most interesting comparative studies that has appeared comes, as surprising as it may seem, from a Southern newspaper, The New Orleans States, and it is filled with facts:

"Figures compiled by the Census Bureau at Washington show the movement from the country to the city is not confined to the whites. The Colored brother is also leaving the farm for the superior attractions and comforts which urban life presents.

"In seventeen cities with a population of 100,000 and more, in the North and in one city in the South, the percentage of increase of the Colored race has been greater than that of the white.

"In only two southern cities, Louisville and Nashville has there been a decrease in the Colored popuation as against an increase of the previous decade. The figures so far compiled shows a movement of Negroes to the large industrial centers in every State and away from the smaller cities and agricultural districts.

"In Chicago the Negro population increased 65,491. In East Saint Louis the rate of increase was less than the previous decade, but that in all probability was due to the bloody riots which occured there and which had the effect of forcing many of the Negroes either to return South or seek homes in other cities. In St. Louis the increase was 25,648.

"Cities of over 100,000 in which the percentage of increase has been greater in the Colored than the white race include Chicago, Bridgeport, Indianapolis, Kansas City, Minneapolis, Camden, Albany, Cleveland, Cincinnati, Dayton, Philadelphia, Pittsburgh, Norfolk, Youngstown, Rochester, Detroit Jersey City and Troy.

"In Atlanta, Birmingham, Washington, Jacksonville, Baltimore, Syracuse, Memphis, Richmond and Houston the percentage of increase has been greater in the white than in the Colored population. The New Orleans figures are incomplete, but this city probably falls in the latter class, though there is always a steady movement here of Colored people from country districts not only of Louisiana but of Mississippi.

"The reason for the increase of Negor population in the cities is easily explained. Higher wages, more opportunities for amusement and better housing conditions are the loadstones which lure the Colored brother from the farm.

GERMANS FAIL IN PROPAGANDA WITH RACE PREJUDICE

Attempt To Influence American Public Opinion By Attack On French Black Troops, Gets Black Eye.

Associated Negro Press

WASHINGTON, Feb. 23.—German propagandists are charged here again with putting into practice their secret propaganda work, and striving to use American racial prejudice to further their cause. Thousands of petitions have been sent to Congressmen asking the United States to protest against the French occupation of Germany with African troops. Secretary of State Colby has made the charge that the Germans are already reviving their dirty pre-war attempt to influence American public opinion. They are collecting money on the pretense that the black troops are attacking German women and children when the French, English and even the German papers stated that these stories were lies.

American Legion men are praising Col F. W. Galbraith, commander of the Legion because of his ordering Edmond Von Mach, a German propagandist from his office here, when the latter tried to persuade him to speak at a protest meeting to be held in New York. Representative Britten, who comes from an ex-German Illinois district is said to have introduced a resolution asking France to withdraw the troops. The Associated Negro Press is understood to have asked him for a statement of his attitude in the matter.

KU KLUX MUST BE STAMPED OUT SAY NATIONAL LEADERS

Sentiment Of Governors and Senators In The Largest States Is Decidedly Hostile To Infamous Klan.

By Syndicate Press

WASHINGTON, D. C., Feb. 23—The Ku Klux Klan must be stamped out. The leaders of National affairs say that it is unfair to people that are trying to progress. We have before us the writing of this article the "Search Light" the official newspaper of the K. K. K. This paper seeth with nothing but contempt, intimidation and humiliation for the Colored people of the Nation. We have not been able to find a paragraph that was kindly disposed or a word of sympathy for the efforts of a race trying to progress and keep America as the van guard of civilization.

From What we could glean from its editorials that the Negro must be kept in his place. The 20th century Negro seems to be the bone of contention They are willing to encourage the Negro who knows where his place is and how to stay in it. What that place is we have never been able to discover. It would be unfair to the many white friends of the race if we did not mention the telegrams and letters on this momentous question.

Sentiments of the Various Leaders

Governor Sproul, Penna.—Gentlemen you can put me down as being opposed to the K. K. K.; Governor Davis, of Ohio—The K. K. K. is no friend to the Negro or to the Nation. It should be wiped out.; Governor Miller, New York—I am opposed to the K. K. K.; Governor Edwards (Dem.) New Jersey—The K. K. K. will not succeed; Mayor Hylan, (Dem.)—The K. K. I shall do all nl my power to see that it remains so; Senator New, Ind.—There is no necessity for a K. K. REP. MOORE WILL SPEAK HERE SUNDAY

Will Ask Citizens To Lend Support To His Bill To Make Lincoln Institute A University.

MEETING AT THE UNION MEMORIAL M. E. CHURCH

Will Be Held Under The Auspices Of Citizens Liberty League To Consider School Questions.

LARGE GATHERING OF CITIZENS EXPECTED

Walthall M. Moore, first Negro representative in the state of Missouri will address a mass meeting held under the auspices of the Citizens Liberty League at Union Memorial Church, Leffingwell and Pine, Sunday afternoon at 3:30 o'clock.

The meeting is called for the purpose of lending support to Mr. Moore's ecorts to have his bill passed making Lincoln Institute a University.

It has been learned that unless the Negroes of the State manifest a deeper interest in the matter, the bill is likely to fail, or to pass with an appriation greatly inadequate. Telegrams and letters have been passing during the week between St. Louis and Jefferson City and Mr. Moore states that a large gathering of citizens, expressing themselves in favor o fthe measure and urging its passage will greatly aid him.

Other School Matters To Be Considered

Other school matters will also be considered at the meeting. The questions of taxes for maintenance of the school of St. Louis and of candidates for the school board nomination will also be brought before the meeting. A report of the steps which have been taken and those that are still in progress looking toward the passage of the bill and the consummation of the other ends, will be made at the meeting.

It is expected that the capacity of Union Memorial Church will be taxed to take care of the crowd, and those desiring seats should come early.

ILLINOIS LEGISLATURE GETS ANTI-LYNCH BILL

Associated Negro Press

CHICAGO, Feb. 23.—Representative Adelbert Roberts has presented a resolution to the Illinois legislature calling upon the members of Congress from Illinois to support the passage of House Bill 14097, having as its object and purpose the assurance to persons within the jurisdiction of every state the equal protection of the laws and to punish the crime of lynching.

Representative Roberts has also prepared for presentation a bill to punish persons, for the destruction of property and inflicting injury to persons, by means, of any explosive, bomb, dynamite or other deadly instrument or implement.

This bill aims to alleviate the condition brought about by the indiscriminate bombing as a resort in Chicago within the last two years or more. Recently the bombings have become so extensive, affecting whites as well as Colored, and no one has ever caught or punished. The daily newspapers and all the various departments of government have been combating the outrage and seeking the criminals and potential murderers.

MONTGOMERY AND McCLAIN WITH BIG COMPANY SCORE BIG HIT AT B. W. THEATRE

Frank Montgomery, Blondi Robinson, Henry Jines, Frank "Chinese" Walker and graceful Florence McClain, surrounded by a strong company including a real beauty chorus, are offering what Montgomery calls a "Hodgepodge of Nonsense" at The Booker Washington Theatre this week. The ingredients are song, dance and fun, compounded purely to amuse in a quick succession of big doses. Frequent changes of scenery are required and at times the limited stage space alloted is not sufficient to fully display the artistry of certain song and dance numbers.

There are a number of good features, the most laughable being a cafe scene in which the patrons are kept so constantly rising in response to patriotic orchestral selections that they miss all the courses served at their table.

The opening is a minstrel scene with Robinson and Jines as the funsters and John Vigel as the interlocutor. The usual style humorous and sarcastic conversations ensue and several musical numbers introduced. After the opening chorus the following songs and dances are introduced: "Jasbo Johnson," by Gladys Young and girls; "A Dago From Italy" by Walker; "Silver Reel," with a whirlwind dance, by Thomas Brooks; "Cleo Patria" by Robinson; a poetic speech describing the show by Montgomery; "The Land of Jazz" by Louise Taylor; "Tennessee" by Jines; and the scene closes with the "Vamp" by the company.

This is followed by a Florodora number by Brown, Miller, Young and Jaspre and a snappy talk by Montgomery and McClain. "My Baby's Arms" by Miss McClain and company is a tuneful piece, artistic and brilliantly costumed and a big hit.

Montgomery and Robinson then pull off a safe blowing burlesque, followed by Montgomery staging "Thats All I Remember," Vigel and the girls in "Good Bye Broadway," and the comely Miss McClain in a reflector song, "Sweet Daddy." After the cafe scene, the show closes with a novel "Shimmie and Jazz" done before the curtain. It's a big show, by a big company and is making a big hit.

"Follies and Fancies" Next Week

Mr. Montgomery and his company will offer the "Follies and Fancies of 1921" at The B. W. next week. It is a burlesque revue of fads and said to be highly entertaining. One of the big features will be a "Rabbit Hop" done among the audience. Walker will appear in his famous Chinese Character, the inimitable Blondi Robinson as a hotel porter and Florence McClain as the leading lady of a theatrical company. Montgomery will direct the orchestra. The production is built solely for laughing purposes.

Prase and Johnson continue to draw the crowds at the Manhattan Cafe with their songs and dances. During the coming week they will feature "I Want to Go to the Land where the Sweet Daddy Grows," "All By Myself" and "Read 'Em and Weep."

AT THE MOVIES

ALL COLORED PHOTOPLAY AT PENDLETON AND STAR

"Nobody's Children," a sensational five reel feature with an All Star Colored cast will be seen at The Pendleton Theatre next Tuesday and Wednesday, and at The Star on Thursday.

The story is a novel one. It tells of the death of the mother of two illegitimate children, a boy and a girl. A death bed promise is made by the former that he will look after and protect his sister. The stepfather is a no-account type whose time is spent in the resorts of the underworld. It is during the search in a resort for him by the boy that a murder is committed and of which the boy is falsely accused, tried, convicted and sentenced to hang. The step-parent abducts the girl and takes her to one of the resorts where he is known. The actual slayer is a dope fiend. He discovers the girl's presence in the resort and decides to aid the brother to escape from the jail so that he might rescue his sister. The consummation of this escape and the hand to hand fight which takes place in the room in which the stepfather had placed the girl, and in which the boy kills the unnatural parent, furnishes one of the most gripping climaxes ever seen on the stage.

Other Pendleton Features

This Sunday and Monday The Pendleton will show "Blind Wives." It is really five plays woven into one and shows how the lady is spending enormous sums extravagantly to make an impression, while in many instances her husband is slaving overtime to make the money to meet the bills. The idea is typical.

The offering for Thursday and Friday will be "The Branding Iron."

AT THE STAR

On Sunday, The Star will feature "The Fortune Teller." Whether cards are false or true prophets is a debatable question, but in "The Fortune Teller" they form the basis of a plot inextricably woven with the appeal of mother-love and the mysteries of psychic phenomena.

This Saturday's feature at The Star will be "The Woman He Chose." "It is a Page of Life."

Dealing with one of the most momentous social and sex problems of the day. The future of illegitimacy —the transfiguration of broken womanhood—the attitude of men against shamed women.

The University was authorized to work out a financial campaign looking for a larger endowment of the University, which is making an earnest effort to increase its financial resources that adequate salaries may be provided for its underpaid teaching force. (Continued from Page 4)

Theatre this Sunday. The story revolves around a young man who is arrested for sheep rustling in which he had no part, is convicted and sent to prison for a term of five years. Following his release from prison, his efforts to "make good" furnish many thrilling incidents.

Another special picture at this theatre will be Thomas Meighan in "Conrad in Quest of His Youth," on Tuesday. Conrad Warrener is an army officer who finds himself old in middle life and who goes in search of his youth with interesting results. How he makes the discovery that the man who loves never is old, makes a capital story.

Mary Pickford in "The Love Light" will be the big attraction for next Thursday. It is the story of an Italian girl who falls in love and marries a stranger, who later proves to be an enemy to her country. How she sacrifices everything in order to protect not only her neighbors but her enemies, is presented in a series of startling and gripping situations which naturally must be seen to be appreciated.

• • •

THE JEST-A-MERE

Two big features stand out on the program at The Jest-a-mere Theatre during the coming week. On Sunday and Monday, May Allison will be seen in "Are All Men Alike?" "Teddy" Hayden, who is the girl that Miss Allison portrays with such delightful artistry, rents a studio in New York's Greenwich Village and there enters into the life of the Bohemian folk like one to the manner born. From the start "Teddy" captures the interest of every long-haired poet and artist within hail, and her efforts to escape their amorous advances provides the story with some of its best moments. In the end, however, she renounces her ideas of rampant feminism, and decides to become an old-fashioned wife.

Bert Lytell in "The Price of Redemption" will be featured at this Theatre on Wednesday and Thursday. The story is that of Leigh Dering, a young English army officer, who saves the besieged garrison of Akbar from a native uprising, and afterward marries a rich girl in London, only to find then that he does not love her. Assuming the crime of another, he leaves London and returns to India, where he abandons himself to drink and drugs. There, some time later, his wife, now married to another, finds him, and it is through the love of their little child that Dering redeems himself and wins again to mastery.

SPECIALS AT CRITERION

Basil King's "Earthbound" will be the big offering at The Criterion Theatre this Saturday. An entire year of constant work, during which more than thirty-seven miles of film were taken, was devoted to the making of this picture in the Goldwyn studios at Culver City, California. The story is that of the powerful influence of a woman's charms which blasts the lives of two families, culminates in murder and follows its victims even into the life beyond.

On Sunday The Criterion will offer "The Devil's Passkey." It tells the story of an American playwright whose wife gets badly in debt to a famous and infamous modiste in France. In her attempts to extricate herself she is forced to meet clandestinely an attractive young American army officer. Out of their meeting—innocent enough—springs a scandalous story which all Paris promptly learns and which husband just as innocently takes for the plot of a play in which he presently makes a great success. Jeered at and scorned by all society for making, as they think, his own wife's indiscretions a source of fame and income, he suddenly wakes to the terrible truth and what he did to untangle the meshes of scandal and gossip makes a powerful story.

THE MOVIE

Among the features at The Movie Theatre the coming week will be "Behold My Wife" and "When Pals Fall Out," on Saturday; Shorty Hamilton in "When Arizona Won" and "The Man of Mystery" on Sunday; "The Cheater Reformed" on Monday; Harry Carey in "Blue Streak McCoy" on Tuesday; The first episode of Wm. PRIMA DONNA HOME AFTER SINGING FOR EUROPEAN ROYALTIES

Associated Negro Press

NEW YORK, N. Y., Feb. 23.—Mrs. H. King Reavis, Colored prima donna has just completed a very successful European tour and has returned to America to visit her family and recuperate before returning for her 1921 season on the continent.

Without doubt, Mrs. Reavis has set a new high mark in art and music standards, not only for artists of her own race to attain, but also for all American women of artistic bent who believe that European approval is necessary as a criterion of their success and ability. This is at least very true in so far as her reception and career, filled as they were with triumph after triumph in the British Isles are concerned.

By Royal command she appeared at Buckingham Palace on August 9, 1920 to sing before their guests, the Princess Victoria Albert, Henry and George, Queen-Mother Alexandria, Empress Marie of Russia, Princess Victoria and Prince Waldemar of Denmark. When King Alphonso of Spain and his Queen visited London first last year she sang for them at a private recital at the residence of the Duke of York whose guests embraced only the highest ranking nobility of the continent. She was starred at the great Victoria Ball, given under Royal auspices at Royal Albert Hall.

Cutter of the Associated Press.

The Quality Is The Winner

A Pennsylvania druggist wrote us in these days: "Nothing can undermine public confidence in Triner's Bitter Wine. Various imitations are appearing in the market, but the customers want only "Triner's Bitter Wine. They cannot do without it." That is not surprising. The public knows that there never has been any misleading statement in our advertisments. Mrs. Frank Odett who wrote us from Susanville, Calif., February 9, 1921, hit the right nail on the head: "Triner's Bitter Wine is as good as you advertise, and nothing can beat it." If you are suffering from poor appetite, constipation, stomach ache, gases in the intestines, headaches, etc., go to your druggist or dealer in medicines and ask for Triner's Bitter Wine. If you are troubled with cough, take Triner's Cough Sedative,—if you look for a quick relief in your rheumatic or neuralgic pains, lumbago, etc. buy Triner's Liniment.

In Memoriam

In loving memory of my dear son, Frank Washington, aged 24, who departed this life Feb. 24, 1917.

Dearest Frank, thou hast left us and
our loss we deeply feel.
But 'tis God who has bereaved us;
He can all our sorrows heal;
Yet, again, we hope to meet thee.
When our day of life has fled,
When in heaven with joy to greet thee
Where no farewell tears are shed.

Sadly missed by Mother.

LANE TABERNACLE

LANE TABERNACLE

The congregation is thanked and also complimented for filling the main auditorium so early last Sunday morning. Shortly after eleven o'clock, there was not a seat left, and the Sunday School Department was soon filled to capacity. Rev. N. L. Smith was the speaker, and was quite fascinating in a message from the Old Testament. Bihop C. H. Phillips of the 3rd Episcopal Disthict was with us, and extended an invitation to all of those having no church home in a most eppealing manner. Bishop Phillips has not preached for us for a long while but it's wonderful to hear him talk after a sermon. It is good to be prepared for Heaven, he says, but why be in a hurry to leave this world, and especially if God is not ready for us. Bishop Phillips is known throughout the country as an irreconcilable to the Organic Union question. He says he has buried it so deep until it will never resurrected at the next General Conference. Rev. N. L. Smith will preach Sunday morning, and at 3 P. M. he will also preach for the Trustees Auxiliary Board. At eight o'clock the pastor will fill the rostrum again.

Dr. J. W. Martin kept his audience roaring with laughter all through his lecture Monday night. Latin, Anglice, is very interesting, and the Carter Club has broken the record for a Monday night audience.

Mr. E. Hawkins of St. Paul A. M. E. Church will be the principal speaker for the Epworth eLague Sunday evening March the 6th. There will be several other excellent selections also.

Sunday School Smiles

Mr. L. W. Reed of the new progressive class, was once a public school teacher. He will no doubt find his experience in this profession very valuable as teacher of the new progressive Sunday School Class. As there are already quite a few naughty scholars in the class to whom the rod should be applied immediately.

There is a suspicion that the young Men's Bible Class treasury is empty. They can't get the Banner any more. Dr. N. O. Bracy, Teacher of the class finds the job of capturing the Sunday School Standard, much more complicated than he does the honorable profession of extracting teeth without pain.

Now that the Literary Department is through mixing races in public schools try and mix a little more of the congregation with the Literary Department.

The Trustees auxiliary Board was pretty wise in securing Rev. N. L. Smith to preach for them this Sunday afternoon. This is about the best way to get the pastor interested in an afternoon service, excluding quarterly meeting.

And Dr. Martin forgot to tell us how those Brazilians were enjoying all those motor cars we've been shipping down there.

CENTRAL BAPTIST—The Lord's Supper will be observed and celebrated on next Sunday morning. Pastor Stevens will relate the "Facts of Calvary". At night Pres. Clement Richardson of Lincoln Institute, Jefferson City will speak. His subject will be "The School As Related To The Church." All should try to hear this noted educator. He comes to St. Louis at a time when all are intersted in the future of Lincoln Institute. The pastor is conducting each Monday night at the church a course in Christian Culture. It includes the Study of Bible of Denominational history and principles, of Missionary biography, and of practical Christian service at home. All the members, all aspiring to the ministry, and all not members wishing to take up these studies may do so freely. Just bring your Bibles, pencil and paper each Monday night at eight o'clock till nine thirty, at Central Church, Ewing and Washington Aves. in the chapel.

MT. OLIVE BAPTIST. 1702 Wash—Good services were held all day at this church. Scripture was read by the pastor. Sermon at 11 a. m. Sunday School at 1:30 p. m. B. Y. P. U. at 6:30 p. m. Instruction meeting every Monday evening at 7 o'clock Choir meeting Wednesday 7:30. Members are requested to take part. The sick are improving. E. B. Club installation will be held at St. Paul Baptist Church, 19th and Morgan, Wednesday March 9. All clubs are cordially invited. Visitors Revs. McClain and Ray. Rev. D. Langford, pastor; G. Miller, reporter.

BURNING BUSH BAPTIST—The Rally for $2000 is now on and will end April 24. It is for the new church we have bought at the corner of Newstead and North Market. The church is wonderfully blessed under the leadership of Rev. A. J. Mance. An $800 debt on the old building was paid in less than nine months. The old one will be put up for sale soon. The tribes, Arkansas and Tennessee under the auspices of Mrs. L. J. Casey and Maria Williams had a Bazaar Feb. 14 and 15 and gave prizes to two girls selling the highest number of tickets over sixty-five. Louvenia Taylor, 4360 W. St. Ferdinand, 120 tickets, $12.00, first prize, which was a beautiful pocket book; Gladys Mance, 4259 W. N. Market, 110 tickets, $11.00 second prize. Realizing from the Bazaar $18.90; from tickets, $23.00 total taken in $40.90. We hope to worship in our new building March 6, 1921. Mrs. L. J. Casey, chairman; Mrs. Maria Williams, assistant chairman; Rev. A. J. Mance, pastor.

GO-TO-CHURCH CAMPAIGN

The Churches of St. Louis, of all Denominations are engaging in a Go-to-Church Campaign to Stimulate Attendance on the part of the great unreached masses of the city.

Several preliminary meetings have been held to carefully formulate and perfect the plans for the movement. It has been definitely agreed that church attendance shall be emphasized for the entire month of March, but that the strongest efforts be made to get the masses to go to church on March 6.

Window cards and display ads are to be printed telling the public of the movement and later card invitations are to be distributed in the vicinity of the churches and in the neglected districts of the city. The regular church attendants and the ushers are to be especially alert to welcome the strangers and visitors that may come in during the period of the Campaign and every encouragement and opportunity will be given for men and women to link themselves with the church of their choice. A large Supervisory Committee has been appointed, consisting of the following ministers: Rev. Geo. E. Stevens, Revs. C. A. Williams, B. F. Abbott, T. J. Moppin, W. H. Peck, O. C. Maxwell, N. L. Smith, S. W. Parr, P. W. Dunavant, D. R. Clark, R. E. Lee, J. L. Cohron, A. R. Dobbins, A. J. Donaldson, Malachi Owens, I. E. Banks, S. J. Patterson, R. H. C. Sydnor, W. J. De Boe, Rev. Wheeler and Ernest S. Redd.

The Pine Street Department Y. M. C. A. is co-operating with the churches in this movement to reach the great unchurched masses of the city.

BUILDING OWN HOMES

We Can Get Together

Negroes registered a solemn protest against Race discrimination last Wednesday evening at Tabernacle Baptist Church. Their action tells the story in the strongest language at their command.

Our contentions have been in the past, and are now, that we as a group, do not receive the political recognition to which we are justly entitled. Our fight has been and now is, for representation in party councils. Not through "Mr. Bill Smith" or "Mr. Tom Jones," but through our own.

The mistake of the committee representing the Citizens Republican Club was that they reasoned incorrectly. They knew that we were dissatisfied with conditions, and thought we were willing to "swallow" anything for a change. We are just as much opposed to one boss as to another. We of the Seventeenth Ward, failed to see where we would be benefitted anymore by being bossed by Jas. C. Shaner than we would being bossed by Frank M. Slater. From one boss to another doesn't get us anywhere.

Our fight is for direct representation in the party councils, and any man or set of men who would see our face in peace might as well make up their minds to give us that representation.

The idea of getting behind closed doors, or at the "Statler," where it is hardly thought that Negroes would appear, and make up a political slate, and select someone to deliver the Negro vote, is a thing of the past.

To see the Negroes united on any one political issue, looks to us like we can get together on some questions.

A Negro For School Board

In view of the fact that we have separate schools for white and Colored children of the city it is only right and just that one of our group should be at the head, where the plans and policies of the schools are formed and scrutinized.

Generally speaking, the schools of our city are classified as "Colored" and "white." The whites include the Greek, Jew, Irish, German, Pollock, Chinese, Japanese, Indian, etc. Yet we find among these, whose children may attend the same schools, the group idea when it comes to representation on the School Board. It is not an uncommon thing to see a group working for a man or a woman because they are Jews, Germans or Irish. And while it is true that they are peers of each other, knowing as a rule, something of home life of each other from a social viewpoint, it is also true, that the Negroes are not so classified.

It will be remembered that there are nearly seventy-thousand Negroes in this city and they occupy a peculiar place in the body politic. Therefore, it is fair to assume that the Board as a whole wants all the details of the Colord community—that is, their actual increase (the movements within the Race making for increase), their main centers of population and any just grievances not yet formally expressed, that may be deepening in the breasts of the Colored patrons. A blood spokesman, sitting as a peer on the school board and not a paid employe can do this work infinitely better than anyone else. Of course he must have the proved qualities of mind and soul for this high task. We are sure that the white members of the Board would welcome such a member, who in their general work could incidentally or at certain vital points make illuminating suggestions as to the Colored schools.

If the other groups find it necessary to have a direct blood-representative on the Beard of Education, for obvious reasons, how much more should the Negro be represented on said Board as a matter of right and justice?

Lynchers down in Florida seem to be trying to out-do the lynchers down in Georgia.

Electing a Republican president cost the Negroes thirty lives in Florida, on election day, last November. Those same white people in Florida, celebrated Lincoln's birthday by lynching a Negro.

It now makes us fairly quake to think of March the 4th, when President Harding takes his seat. God alone knows what will happen to the Negroes in Florida on that day.

The Mayor said, that we were entitled to sixteen per cent of political recognition of the city. He also told you that if you did not fight for it you would never get it.

Let us learn to fight for the things to which we as a group are entitled and at the same time not get mad and kick out of the traces because we all do not see things alike.

GRAND MASTER CLARK

The 51st birthday anniversary of Crittenden E. Clark, grand master of the Most Worshipful Masonic Grand Lodge of Missouri and jurisdiction, and the organization of the Crittenden E. Clark Lodge (U. D.) was an unusual occasion Saturday night, Feb. 12, when Masons of high and low degree assembled at the Masonic hall, 3619 Easton avenue to participate in the institution of a new lodge and to bring congratulations to their grand master for having stood the tempest of life for fifty-one years.

The appointment of officers who will govern the new lodge, by Grand Master Clark, and the presentation of officers' jewels and other paraphernalia (gifts from the grand master) was the closing feature of the formal ceremonies.

Edward Levy, private secretary to Grand Master Clark, called the craftmen to refreshments, and led them to a banquet table which was heavy laden and beautifully decorated with ferns and carnations. Seated with Grand Master Clark were Dr. Leon R. Hill, grand secretary; E. J. Cooper, grand lecturer; Jas. Beard, grand eminent commander of K. T.; J. T. Cannon, grand secretary R. A. M.; S. A. May, grand king, R. A. M. and various members of the Pastmasters' Council and members of the U. D. Lodge.

District Deputy Frank Vashon, acted as master of ceremonies. Glowing tributes were paid the Grand Master by the pastmasters, and the prevading thought was, that he had been a "Moses," in guiding their destinies, and because of his being firm and fearless of heart, their order, today ranks foremost among other organizations of the Race in Missouri.

An eloquent response that was frequently interrupted with plaudits was made by Grand Master Clark.

Chas. Lucas was appointed W. M. of the new lodge which has a membership of more than thirty-five promising young men.
